

TACH-IT® TWISTERS™

MODEL #3570

SEMI-AUTOMATIC TWIST TIE MACHINE WITH ADJUSTABLE CAPACITY CAN TIE ANYTHING FROM 1/4" TO 1 3/8" DIAMETER

Applications include:

- Large Bags
- Small Coils
- Electric Cord Sets and Cables
- Tubing
- Flowers
- Agricultural Products
- Wire Harnesses
- Ice Bags
- Hangers
- Countless other products

The Tach-It® Model #3570

- Gives an ultra tight tie.
- Can tie any product ranging in diameter from 1/4" to 1 3/8"
- Is very easy to load, to adjust and to use.
- Has a unique straight line ribbon feed which avoids the ribbon jam ups common in other twist tie machines on the market.
- Durable all steel construction for reliable long life service.
- Works with most standard twist tie ribbons on the market including our exclusive and patented Polycore non-metallic twist tie ribbon
